| Grades or Minor Variant Identities | Information Telephone Number |  |
| Not Applicable                     | (631) 582-8440               |  |
| Product Use (for Canada)           | Emergency Telephone Number   |  |
| Not Applicable                     | (800) 879-7575               |  |

## 2. Hazard(s) Identification

# WARNING MAY CAUSE AN ALLERGIC SKIN REACTION (GHS07)

# WASH HANDS THOROUGHLY AFTER HANDLING WEAR PROTECTIVE GLOVES IF ON SKIN: WASH WITH PLENTY OF SOAP AND WATER. IF SKIN IRRITATION OCCURS: GET MEDICAL ADVICE / ATTENTION TAKE OFF CONTAMINATED CLOTHING AND WASH BEFORE REUSE

3. Composition/Information on Ingredients - Base Paste

| Hazardous Components                | C.A.S. Number | <b>Exposure Limits</b> | %        |
|-------------------------------------|---------------|------------------------|----------|
| Silicon Dioxide - Amorphous         | 68855-54-9    | $1.2 \text{ mg/M}^3$   | 20 - 25  |
| Silicon Dioxide -Crystalline        | 14464-46-1    | $0.05 \text{ mg/M}^3$  | 12 - 18  |
| Non - Hazardous Components          |               |                        |          |
| Vinyl dimethyl polydimethylsiloxane | 68083-19-2    | N. E.                  | 50 - 60  |
| Organic Phthalate Plasticizer       | 68515-40-2    | N. E.                  | < than 5 |
| Polymethylhydrogen siloxane         | 68037-59-2    | N. E.                  | 2 – 6    |
| Blue Fluorescent organic dye        | 39277-28-6    | N. E.                  | < than 5 |
| F D & C Blue # 1                    | 3844-45-9     | N. E.                  | < than 1 |

3. Composition/Information on Ingredients - Catalyst Paste

| Hazardous Components                | C.A.S. Number | <b>Exposure Limits</b> | %        |
|-------------------------------------|---------------|------------------------|----------|
| Silicon Dioxide - Amorphous         | 68855-54-9    | $1.2 \text{ mg/M}^3$   | 20 - 25  |
| Silicon Dioxide -Crystalline        | 14464-46-1    | $0.05 \text{ mg/M}^3$  | 12 - 18  |
| Non - Hazardous Components          |               |                        |          |
| Vinyl dimethyl polydimethylsiloxane | 68083-19-2    | N. E.                  | 50 - 60  |
| Organic Phthalate Plasticizer       | 68515-40-2    | N. E.                  | < than 5 |
| Organo Platinum complex             | 68478-92-2    | N. E.                  | < than 1 |

#### 4. First Aid Measures

| Routes of<br>Exposure | First Aid Instructions                                       | Immediate<br>Medical Attention | Delayed Effects |
|-----------------------|--------------------------------------------------------------|--------------------------------|-----------------|
| Eye                   | Rinse opened eye for several minutes under running water. If | Not Applicable                 | Not Applicable  |
|                       | symptoms persist consult physician                           |                                |                 |
| Skin                  | Immediately wash with soap and water and rinse thoroughly    | Not Applicable                 | Not Applicable  |

| Inhalation      | Supply fresh air, consult physician if symptoms persist                     | Not Applicable | Not Applicable                                            |  |  |  |
|-----------------|-----------------------------------------------------------------------------|----------------|-----------------------------------------------------------|--|--|--|
| Ingestion       | If symptoms persist consult physician                                       | Not Applicable | Low order of toxicity is expected when large              |  |  |  |
|                 |                                                                             |                | amounts of material are ingested. Acute                   |  |  |  |
|                 |                                                                             |                | toxicology study in rats $LD_{50} > 2,000 \text{mg/kg}$ . |  |  |  |
| Other           | Not Applicable                                                              | Not Applicable | Not Applicable                                            |  |  |  |
| Note to Physici | Note to Physicians (Treating Testing and Monitoring): Treat symptomatically |                |                                                           |  |  |  |

5. Fire Fighting Measures

| Flame Propagation or Burning Rate                                                                                                            | Properties Contributing to Fire Intensity: | Flammability Classification: Not Applicable   | Other: Not Applicable |  |
|----------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------|-----------------------------------------------|-----------------------|--|
| (for Solids): Not Applicable                                                                                                                 | Not Applicable                             |                                               | 11                    |  |
| Extinguishing Media: CO <sub>2</sub> , extinguishing powder, foam carbon dioxide or water Extinguishing Media to Avoid: Water with full jet. |                                            |                                               |                       |  |
| spray. Fight larger fires with water spray or alcohol resistant foam.                                                                        |                                            |                                               |                       |  |
| Protection and Procedures for Firefighters: Firefighters should wear self-contained respiratory protective devices.                          |                                            |                                               |                       |  |
| Unusual Fire and Explosion Hazards:                                                                                                          | No dangerous decomposition products known  | Product does not present an explosion hazard. |                       |  |

## **6. Accidental Release Measures**

| Containment Techniques: Material is a high viscosity paste and as such will not flow.                                                                |                                      |                                        |  |  |
|------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|----------------------------------------|--|--|
| Spill/Leak Clean-up Procedures and Equipment: Wear protective clothing and scoop up bulk material and place in a labeled plastic or metal container. |                                      |                                        |  |  |
| Avoid gross skin contact to minimize the possibility of contact dermatitis to susceptible persons. Ensure adequate ventilation.                      |                                      |                                        |  |  |
| Evacuation Procedures: Not Applicable                                                                                                                | Special Instructions: Not Applicable | Reporting Requirements: Not Applicable |  |  |

# 7. Handling and Storage

Handling Practices and Warnings: Observe normal care for working with chemicals.

Storage Practices and Warnings: Store only in the original package. Keep package tightly sealed. Store in a dry area. Protect from exposure to direct light. Store away from food and beverages.

## 8. Exposure Control / Personal Protection

| Individual Protection     | Personal Protective Equipment for Normal Use                           | Personal Protective                  |
|---------------------------|------------------------------------------------------------------------|--------------------------------------|
| Measures                  |                                                                        | Equipment for Emergencies            |
| Eye/Face                  | Safety Glasses                                                         | Not Applicable                       |
| Skin                      | The glove material has to be impermeable and resistant to the product. | Not Applicable                       |
| Inhalation                | Not Required                                                           | Not Applicable                       |
| Body Protection           | Protective work clothing                                               | Not Applicable                       |
| Occupational Exposure Lim | its: Not Applicable                                                    | Engineering Controls: Not Applicable |

9. Physical and Chemical Characteristics

| J = J = -                                                                |                                         |                                           |
|--------------------------------------------------------------------------|-----------------------------------------|-------------------------------------------|
| Appearance: Blue colored high viscosity paste. Catalyst is grey-colored. |                                         | Odor: Faint sweet odor.                   |
| Normal Physical State: Material is very high viscosity liquid (Paste).   |                                         | Melting Point: Not Applicable             |
| Specific Gravity: 1.3 g/cm <sup>3</sup> Solubility in Water: Not soluble |                                         | pH: Not Applicable                        |
| Vapor Pressure (mm Hg): Not Applicable                                   | Vapor Density (AIR=1): Not Applicable   | Evaporation Rate (Butyl Acetate =1): N A  |
| Flashpoint Method: Not Applicable                                        | Flammable (Explosive) Limits in Air     | Autoignition Temperature: Not Applicable, |
| •                                                                        | LEL: Not Applicable UEL: Not Applicable | Product will not autoignite.              |
| Other: Not Applicable                                                    |                                         |                                           |

# 10. Stability and Reactivity Data

| Incompatibility (Materials to Avoid): Strong oxidizing materials.                                                                    |                                 |  |
|--------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|--|
| Hazardous Products Produced During Decomposition: No dangerous decomposition products known if used according to Directions for Use. |                                 |  |
| Hazardous Polymerization: May Occur May Not Occur Conditions to Avoid: None known                                                    |                                 |  |
| Stability? ⊠Stable ☐Unstable                                                                                                         | Conditions to Avoid: None known |  |

# 11.Toxicological Information

| Toxicity Data, | Toxicity Data, Epidemiology Studies, Carcinogenicity, Neurological Effects, Genetic Effects, Reproductive Effects, or Structure Activity Data:        |                            |                   |                                           |                 |  |

#### 12. Ecological Information

Toxicity Data, Environmental Fate, Physical/Chemical Data, or other Data Supporting Environmental Hazard Statements: Water Hazard class1 (Self-assessment): slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water streams or sewage system.

#### 13.Disposal Considerations

Regulations: Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

Dispose of material as solid waste in a closed container. Dispose of in accordance with Federal, State and Local regulations

Properties (Physical/Chemical) Affecting Disposal: Dispose of material as solid waste in a closed container.

#### **14.Transport Information**

| Regulated for Shipping: No. Not Regulated        | DOT Shipping Name: Not Regulated | Packing Group: Not Applicable |
|--------------------------------------------------|----------------------------------|-------------------------------|

#### **15.Regulatory Information**

This product has been classified in accordance with the hazard criteria of the Globally Harmonized System of Classification and Labeling of Chemicals and the SDS contains all of the information required by the Canadian Controlled Products Regulations.

U.S. Federal Regulations: <u>CERCLA 103 Reportable Quantity:</u> This product is not subject to CERCLA reporting requirements. Many states have more stringent release reporting requirements. Report spills required under federal, state and local regulations

Section 313 Toxic Chemicals: This product contains the following chemicals subject to Annual Release Reporting

Requirements Under SARA Title III, Section 313 (40 CFR 372): None Section 302 Extremely Hazardous Substances (TPQ): None

EPA Toxic Substances Control Act (TSCA) Status: All of the components of this product are listed on the TSCA inventory.

<u>U.S. State Regulations California Proposition 65:</u> This product does not contain any chemicals, which are on the California Proposition 65 list.

International Regulations: Canadian Environmental Protection Act:

This product is a medical device and not subject to chemical notification requirements.

European Community Labeling: Not a dangerous preparation.

European Inventory of New and Existing Chemicals Substances (EINECS):

This product is a medical device and not subject to chemical notification requirements.

Other: Not Applicable

#### **16.Other Information**

To the best of our knowledge this product does not contain gluten, wheat grains, flaxseed, natural rubber, or natural latex.

All components are synthetically produced; none are derived from animal products.

The information contained herein is accurate to the best of our knowledge.

Flexbar Machine Corporation makes no warranty of any kind, express or implied, concerning the safe use of this material.
