INSTALLING MARCOM PROFESSIONAL

1. The webpage will change and bring you to a list of items. This will bring you to the Marcom webpage. If you are unable to find it, type the following into your browser;

http://www.mahr.com/en/Services/Production-metrology/Products/Precisiongages/MarConnect---Data-Processing/MarConnect---MarCom-software/

2. On the right hand side of the webpage, click the Downloads icon. Seen below boxed in blue.

3. A window labeled "Downloads" should appear on the screen, click on the file labeled "Software downloads" to begin the download. It is also recommended you download the Operating Instructions. Shown below.

- 4. Once the download is complete, open the zip file.
- 5. Extract the zip file to a location of your choice. It is recommended you save these files as a backup.

Right click the file titled "S e t u p-MarCom.exe" and select "Run as

6. Select your language and continue the installation process. Follow the on screen prompts until you get to the window shown below. Open the "MARCOMPRO" to find the various installation files, drivers, and programs inside. Right click on the "S e t u p-MarCom" file and click on "Run as Administrator" option. From here the installation process will start.
